

Real Trends

Use this worksheet to connect real trends to the 8 Forces impacting the labour market.

In the chart below:

- 1) Identify a trend for each of the eight forces
- 2) Note whether the trend is local, regional, national, or international
- 3) Specify the impact of the trend on employment
- 4) Identify one way the trend could generate new opportunity

Be specific in describing the trend and be creative in imagining the possible impacts on opportunity.

Labour Market Force	Trend/Event Description	Local, regional, national or international trend/event	Impact to employment	Opportunity this trend might create
People and Population				
Technology and Digital Life				

Labour Market Force	Trend/Event Description	Local, regional, national or international trend/event	Impact to employment	Opportunity this trend might create
Health and Well-being				
Politics and the Economy				
Society and Culture				
Work and Industry Structure				
Environment and Climate				
Learning and Skills
